About us

Welcome to Magen Avot – a Shul and vibrant community formed in 2015 supported by Chief Rabbi Ephraim Mirvis and a constituent member of the United Synagogue (US).

Located in the heart of Hendon, our services are held in the Nancy Reuben Primary School Hall at 48 Finchley Lane, London NW41 DJ).

Our dynamic and popular Rabbinic couple Rabbi Yoni and Rebbetzen Dina Golker have lead us since 2022 and during this period the community has expanded and its wide range of activities grown significantly.

Our founders believed in a set of core tenets and values expressed in a set of ethos to which the community adheres:

Our Ethos

1. Modern, orthodox, inclusive community that is welcoming to all
2. Provision of opportunities for learning that are both intellectually and spiritually stimulating
3. Promotion of women's involvement and ways of making women feel included within halachic guidelines set out by the United Synagogue and Chief Rabbi Sir Ephraim Mirvis KBE
4. Promotion of good decorum in shul
5. Supportive of Israel and its national holidays
6. Involvement and encouragement of children and youth
7. To support and advocate for the interests of those in need including persecuted groups in the UK and abroad, consistent with Torah principles

As we continue to grow, Magen Avot remains committed to fostering a sense of belonging, inspiring religious and personal development, and creating a supportive environment for all who seek a vibrant Jewish life. All new members are welcome
